Ice and snow showers may lead to some difficult travel conditions during Thursday morning.

What to expect

- Probably some icy patches on some untreated roads, pavements and cycle paths
- Some injuries from slips and falls on icy surfaces

Further details

Occasional showers, falling as sleet and snow, are likely at times overnight and into Thursday morning. These will fall onto sub-zero surfaces, leading to icy stretches on untreated surfaces. Patchy small amounts of snow accumulating, but possibly 2-5 cm above 150 m in West and North Wales.

What should I do?
Snowy, wintry weather can cause delays and make driving conditions dangerous. Keep yourself and others safe by planning your route, giving yourself extra time for your journey.
